

DREW PEARSON

Drew Pearson Is Scheduled To Speak Here on Feb. 19

Drew Pearson, noted Washington newspaperman and author of the daily syndicated column Washington Merry-Go-Round, has been named as the principal speaker at the annual Chamber of Commerce meeting to be held in Vernon on Feb. 19.

It will be the second time in a two-week period that nationally known celebrities will make a personal appearance in Vernon. On 4, the Rex Allen Show featuring the Sons of the Pioneers will make a nation-wide radio broad-

cast direct from the stage of the new 2,000-seat auditorium.

Tickets for the Chamber of Commerce event, which will also be held in the new \$650,000 Wilbarger County Auditorium, are expected to go on sale here next week.

Mr. Pearson is a world traveler and also has a weekly radio broadcast on Sunday night, famous for his "Predictions of Things To Come."

He was born Dec. 13, 1897, in Evanston, Ill. He received his

secondary education at Phillips Academy and at Swarthmore College.

Mr. Pearson served in World War I and was a director of the American Friends Service Committee in Serbia, Montenegro and Albania from 1919 to 1921. He was an instructor in Industrial Geography at the University of Pennsylvania from 1921 to 1922.

He started in the newspaper business in 1922 and has been connected with it since that time. He was connected with the United States Daily from 1926 to 1933 and with the Baltimore Sun from 1929 to 1932.

His daily column "Washington Merry-Go-Round" was started with his friend Robert S. Allen in 1932. Pearson now writes the column alone. He is also the author of several books. The column is syndicated to hundreds of newspapers throughout the world.

In 1942 Pearson received the Sigma Delta Chi National Award for the best Washington journalism.

He is more recently known for founding the Friendship and Freedom Trains that sent much-needed food and clothing to the destitute peoples of the world.

J. C. Randel, president of the Vernon Chamber of Commerce, said that Vernon was very fortunate in being able to secure a man like Drew Pearson to speak at the Chamber meeting.

"I sincerely urge everyone who possibly can, to make plans to hear this noted newspaperman on the night of Feb. 19 in our new auditorium," Mr. Randel said.

Complete program for the meeting will be announced later.

Five Bureau Delegates Attend Waco Meeting

Five delegates from the Wilbarger County Farm Bureau left Vernon early Thursday morning for a legislative meeting of the Texas Farm Bureau Federation in Waco.

The delegates were H. A. Blevins, county president, Aaron Milner, J. Z. Munn, Luther Streit and County Agent Frank Wendt. Among the problems to be considered are legislative proposals on farm labor, field crops, rural roads and cotton price controls.

The group is expected to return here Friday.

Weather

Temperature readings for the past 24-hour period ending at noon Thursday:

Maximum 57.
Minimum 34.
Noon reading 57.

Forecast: Clear to partly cloudy with rising temperatures through Friday.

Proposal to Reorganize Tax Office Finds Favor

Korean Reds Are Accused of Playing Waiting Game; Truce Negotiations Stalled

Munsan, Korea, Jan. 24. (AP)—The United Nations command today accused the Communists of "playing the waiting game" in the Korean truce talks, hoping the Allies will "capitulate out of sheer exasperation."

An official U. N. broadcast beamed to Korea from Tokyo said:

"Either the Reds have no intention of reaching an armistice and are merely killing time until their next offensive, or they have been instructed not to bargain on any point."

"The latter alternative may be the truer one at this date."

The broadcast said the Reds' "waiting game" is "an overt admission from Communists leaders that right now they do not expect anything to happen."

As negotiators haggled fruitlessly over Korean truce terms Thursday, a U. N. delegate accused the Communists of planning to use sick and wounded prisoners as a lever to force Allied acceptance of Red armistice terms.

Allied raiding parties ended the 19th month of the Korean war today with bold strikes into the Red defense line on the western front.

The heaviest fight was west of Chorwon where United Nations tanks and infantrymen fought for six hours Wednesday with Chinese entrenched on a hill.

The raiders struck again at 7:30 a. m. Thursday. Another Allied force hit the Chinese northwest of Korangpo in a pre-dawn raid. The Eighth Army said the raiders pulled back to their own lines after killing 20 Reds in an hour-long fight.

The frozen eastern and central fronts quieted after heavy Allied tank and artillery blows Wednesday.

B-26 light bombers and land-based Marine fighters attacked about 1,200 Communist vehicles Wednesday night. Pilots reported 120 destroyed.

A meeting of the "Together Plans Committee" has been set for 7:30 p. m. Monday at the Central School to hold a training session for Boy Scout organizational work in the county, Bob Bouse, District Scout Executive, announced Thursday.

Mr. Bouse explained that the Together Plans Committee had the job of carefully organizing new Scout units in all rural communities throughout the county and also in Vernon.

Men from these rural communities will be brought in to the meeting for a training session in Scout organization.

M. G. Potete is chairman of the committee, which also includes Bill Standlee, organization and extension chairman; H. A. McCarty, commissioner; and H. S. Powell, vice-chairman.

All institutions forming new Scout units will be feted at a complimentary dinner in Vernon on Feb. 15. Unit organization will be completed at the dinner.

Mr. Bouse said that any institution in the county desiring to sponsor a Scout troop or Cub pack should contact Mr. Potete.

VA Hospital Setup Rapped by DAV Leader

Temple, Jan. 24. (AP)—The National Commander of the Disabled American Veterans says beds are going unused at McCloskey Veterans Hospital here while other VA hospitals are overcrowded.

Ewing W. Mays of Little Rock, Ark., visited McCloskey yesterday on a tour that started yesterday and has covered 43 hospitals in 28 states. He made the hospital tour by wheel chair, having lost both legs in World War II.

"Hundreds of veteran patients over the country are needing hospitalization but can't get admitted to overcrowded VA hospitals," said Mays.

Dr. L. M. Cochran, hospital manager, said "we can't take more patients unless we get the staff to go with them. We need trained technicians. The hospital was built to accommodate 3,100 patients and we now have about 630 patients and 340 domiciliary members."

BEGINS OPERATIONS Longview, Jan. 24. (AP)—The new chemical plant of the Texas Eastman Company was scheduled to begin operations near here today. From natural gas and propane, the plant will produce substances used in manufacture of plastics, yarns and fibers for fabrics, photographic films and other articles. The plant will employ about 400.

been instructed not to bargain on any point.

"The latter alternative may be the truer one at this date."

The broadcast said the Reds' "waiting game" is "an overt admission from Communists leaders that right now they do not expect anything to happen."

Ten Men Answer Induction Call

Ten men—including nine from Wilbarger County and one from Hardeman County—left today to be inducted into the U. S. Armed services, according to Selective Service officials in Vernon.

Leaving for induction today were Hopson J. Limburg, Calvin Boyd, Hillie Bennett, Jr., Ernest R. Baker, Elton W. Reinisch, Kenneth Williams, Billie G. Haynes, Darrell E. Lambert, Billy J. Franks, all from Wilbarger County and Edd Lewis from Hardeman County.

The next induction call from local board 131 in Vernon has been set for Feb. 6. It will be for 13 men.

GETS PRISON SENTENCE

Sherman, Jan. 24. (AP)—Tom Spencer, 64, Denison, was sentenced to five years in prison here yesterday after being convicted of the July, 1951, slaying of Willis Vincent, his former business partner. Vincent, 46, was shot as he entered a recreation hall on Denison's main street.

Decision Delayed On Investigation Of Atty. General

House Panel Will Vote on Proposal Sometime on Tuesday.

Washington, Jan. 24. (AP)—The House Judiciary committee, after long debate, today postponed until next Tuesday a decision on whether to investigate Atty. Gen. J. Howard McGrath and the Justice Department.

On the House floor, Rep. Dondero (R-Mich.) came to McGrath's defense. He shouted that Communists want McGrath ousted. Dondero told his colleagues that Max Lowenthal was the "architect" of a plan to fire McGrath.

The purpose was "not to get at corruption but to slow down the prosecution of Communists," Dondero declared.

Even as Dondero was speaking, the House Judiciary committee was meeting behind closed doors on the question of whether to make an investigation of alleged "favoritism and influence" in the Justice Department.

The committee had been in session over three hours. There was no word as to what was going on behind the closed doors.

D. P. Quisenberry Dies Wednesday

David P. Quisenberry, 59-year-old retired Wilbarger County farmer, died Wednesday afternoon in a Chillicothe hospital.

Funeral services for Mr. Quisenberry, who resided at 2400 Bowie here in Vernon at the time of his death, have been set for 2:30 p. m. Friday at the Tolbert Methodist Church. Rev. Alford Ahlman, pastor of the church, and Rev. Noel Guice, pastor of the Calvary Baptist Church here, will officiate at the rites. Mr. Quisenberry was a member of the Tolbert church.

Born in Arkansas on June 8, 1892, Mr. Quisenberry was married at Buffalo Springs in Clay County to Miss Hettie Wilson in 1912. They moved to Wilbarger County in 1925, farming near Tolbert for a number of years.

Survivors include the wife; four sons, John, Wesley and Clinton, all of Vernon, and Eddie Foy, with the U. S. Army; eight daughters, Mrs. Leona Lisenbee of Wichita Falls, Mrs. Boyce Thomas of Vernon, Mrs. W. N. Mowery, Mrs. A. J. Monday and Mrs. Leo Morris, all of Farmers Valley, Mrs. Beauford Morris of Route 4, Vernon, Mrs. Bobby Singleton of Dallas and Miss Dorothy Ann Quisenberry of Vernon; four brothers, Joe of Buffalo Springs, Robert of Henrietta, LaHue of Harold and Morton of Borger; three sisters, Mrs. Bob Sparks of Ryan, Okla., Mrs. W. C. Thanes of Henrietta and Mrs. Lon McKenzie of Vernon.

Pall bearers will be Ben Keith Lawson of Chillicothe, Claude Brock, Charlie Thomas, Jack Inglish, Roy Morris and Wilburn Raper.

Interment will be in East View Memorial Park under the direction of Underwood Funeral Home.

Re-Examination Of 4-F's Slated

A group of 30 Selective Service registrants, originally classified IV-F, will leave Vernon Friday morning for Amarillo and re-examination, Local Board 131 officials announced Thursday.

The group represents the first to be called back for re-examination from the Local Board under existing regulations which call for a re-check of certain IX-F classified registrants.

It was explained that names of registrants classified as IV-F are not available for publication.

If the registrants are found "acceptable" upon re-examination, they will then be classified I-A and be eligible for induction.

The next pre-induction call for the Local Board here has been set for Feb. 6 with a call for 25 men. This call will include registrants classified I-A and who are 21 years of age or older.

EVICTON NOTICES

Dallas, Jan. 24. (AP)—Too much income brought eviction notices for 48 families in three temporary housing projects in Dallas. The vacated units in La Reunion, Mustange Village and Texan Courts will be available to families with lower incomes. The Dallas Housing Authority said yesterday the units were limited to incomes of \$3,200 for two persons up to \$3,800 for families with five or more members.

AT HOME—Jean Conant will be in familiar surroundings as stewardess of the Chicago National Boat Show at the International Amphitheatre there, Feb. 1-10. At 17, she is a champion outboard racer (NEA)

Voting Strength Mounts Slowly

Poll tax payments at the office of Tax Collector J. R. Huie by Thursday morning had boosted the total number of Wilbarger County residents qualified to vote in 1952 to 4,151.

But the 211 poll tax receipts issued since the last published report Tuesday still left the county behind the 4,639 issued for the congressional election year of 1950 and even farther short of the 5,383 sold in 1948, the last presidential election year.

Only six more days remain before the Jan. 31 deadline in which taxes can be paid and exemptions claimed. The tax office will be closed Saturday afternoon and Sunday.

Claiming Exemptions Mr. Huie said that there seems to be a lot of misunderstanding among over-sixty voters about claiming exemptions.

A person must now be 61 years of age, not just 60, in order to be entitled to a free poll tax receipt. Persons who are not 61 by January of this year must pay the regular \$1.75 tax.

Those who have filed for exemptions in previous years must come back and renew them before the Jan. 31 deadline in order to be able to vote in 1952.

The same applies for 21-year-olds who will vote for the first time in 1952. They must apply for their exemption receipt before the deadline in order to have a vote in the year's elections—expected to be among the most important and controversial in the history of the nation.

Re-Examination Of 4-F's Slated

A group of 30 Selective Service registrants, originally classified IV-F, will leave Vernon Friday morning for Amarillo and re-examination, Local Board 131 officials announced Thursday.

The group represents the first to be called back for re-examination from the Local Board under existing regulations which call for a re-check of certain IX-F classified registrants.

It was explained that names of registrants classified as IV-F are not available for publication.

If the registrants are found "acceptable" upon re-examination, they will then be classified I-A and be eligible for induction.

The next pre-induction call for the Local Board here has been set for Feb. 6 with a call for 25 men. This call will include registrants classified I-A and who are 21 years of age or older.

EVICTON NOTICES

Dallas, Jan. 24. (AP)—Too much income brought eviction notices for 48 families in three temporary housing projects in Dallas. The vacated units in La Reunion, Mustange Village and Texan Courts will be available to families with lower incomes. The Dallas Housing Authority said yesterday the units were limited to incomes of \$3,200 for two persons up to \$3,800 for families with five or more members.

Truman's Offer Wins First Test Before Congress

Measure Expected To Be Approved by House and, Perhaps Senate.

Washington, Jan. 24. (AP)—President Truman's proposal to put tax collectors under civil service and reorganize the Bureau of Internal Revenue won its first test in Congress today.

By a vote reported as unanimous, the House expenditures committee rejected a resolution that would have disapproved the reorganization plan. The action is subject to a vote of the full House membership next week.

The vote means the committee will recommend that the House allow the reorganization to go through.

The plan was submitted to Congress under a general government reorganization law which provides that such plans become effective 60 days after their submission unless the Senate or the House adopts, meantime, a resolution of disapproval.

The deadline in this case is March 14.

Administration supporters in Congress have predicted the House would not disapprove the plan. They have said there is some doubt, however, as to what the Senate may do. When the Senate may act is still indefinite.

Rep. McCormack (D-Mass.) told a reporter the vote in the House committee was unanimous.

Rep. Hoffman (R-Mich.), who introduced the resolution of disapproval, is a member of this committee. However, Hoffman said when he sponsored the resolution that his purpose was to force a vote by the full House and that he was not committing himself to opposition to the reorganization plan.

Mr. Truman sent the plan to Congress after disclosure of widespread scandals in the federal tax collecting service. He described it as one step among several he had in mind to weed any wrongdoers from this administration.

Pioneer's Rites Held at Crowell

Last rites for Dr. Hines Clark, 75, pioneer Foard County physician, were held at 3:30 p. m. Thursday at the First Methodist Church in Crowell.

Rev. M. A. Walker, pastor of the Crowell church, officiated. Rev. T. M. Johnston of Vernon assisted. Burial, under the direction of Womack Funeral Home, followed in Crowell Cemetery.

Dr. Clark succumbed Tuesday afternoon in a Wichita Falls hospital.

The beloved, old-time country doctor came to Crowell on Dec. 8, 1900, after completing medical training at Texas A&M and Fort Worth Medical School.

Dr. Clark had served the medical needs of Crowell and Foard County for 51 years. He was instrumental in the founding of the Foard County Hospital. His picture hangs in the lobby of that building.

Dr. Clark was born in St. Louis Aug. 6, 1876, and was reared in Albany, Texas. He was a veteran of World War I, serving also with the 36th National Guard Division until 1941.

He served as both city and county health officer at Crowell and was a member of the board of stewards of the Crowell Methodist Church for more than 40 years.

Survivors in Vernon include a sister-in-law, five nephews and one niece. Other survivors include the wife, two sons, two daughters and 11 grandchildren.

"... careful of the goldfish I got in the Vernon Record Want Ads—they're in the punch bowl!"

Mexico Bank Robbers Die In Gun Fight

El Paso, Texas, Jan. 24. (P)—Mexican officials said today that a blistering gun fight on the Mexican side of the Rio Grande near here took care of four bandits who pulled a daring daylight raid on a Juarez, Mexico, bank.

However, about \$70,000 of the \$174,000 loot is still missing.

Two bandits were killed in the half-hour battle and two were captured.

Last night State Attorney General Humberto Reynal of Chihuahua, Mexico, told the El Paso Times that Juarez police had abandoned the search for two other men which at first were suspected of taking part in the robbery.

Alfonso Rey was killed instantly early yesterday in an exchange of gunfire at San Lorenzo, six miles south of Juarez on the Mexican side of the Rio Grande. His brother, Leopoldo Rey, died about midnight (CST) Wednesday in a Juarez hospital.

Truman's Hand May Be Forced

Washington, Jan. 24. (P)—Senator Kefauver's finish-fight bid for the Democratic presidential nomination sharpened the big question today: Does President Truman plan to run again?

Mr. Truman could end the speculation by announcing his plans at his news conference today but the White House provided no advance hint he might do so.

Kefauver formally entered the race yesterday. The Tennessee Senator said he was "in until the finish," regardless of whether Mr. Truman seeks re-election.

"I am going to work hard to win," said the former chairman of the Senate Crime Investigating Committee.

With his attractive wife, Nancy, seated by his side, Kefauver told newsmen:

"I regard it as the right of the American people to have as wide a choice as possible in choosing their leaders. There is a place—and a need—for new blood and new ideas in both parties."

GENTLE, HUH!

Oklahoma City, Jan. 24. (P)—Gerald A. Smith, 29, was playing with his dog, Flash, on the living room floor. Suddenly, in a moment of excitement, Flash jumped at his master and bit off his nose.

Physicians and plastic surgeons think they're going to have to build Smith a new nose; the old one is beyond repair. "He's a very gentle dog," Mrs. Smith said later.

New Name Heard In Demo Circle

New York, Jan. 24. (P)—The New York Times said today Gov. Adlai E. Stevenson of Illinois was being mentioned prominently among influential Democrats in Washington as a leading candidate for the Democratic presidential nomination.

A Washington dispatch by James Reston, the lead story in the Times, said the speculation followed a visit Stevenson had with President Truman at Blair House Tuesday night.

Among the reasons for the speculation were these, Reston wrote:

"President Truman has indicated to personal friends that x x x his preference and that of his family is that he should not run again.

"With in mind, the president has emphasized within the last few days that his principal concern is that the Democratic party should nominate a man whose convictions and abilities indicate that he would and could carry on the present foreign policy of the United States.

"It is understood that Fred M. Vinson, Chief Justice of the United States, previously mentioned as Mr. Truman's first choice, has indicated to the president that he prefers not to be a candidate.

"Before deciding to withdraw from the race, however, the president is seriously surveying the field of possible Democratic candidates and asked Gov. Stevenson to call upon him with this in mind."

The Times is supporting Gen. Dwight D. Eisenhower, a Republican for president.

Listing several possible Democratic presidential possibilities, the Times story said: "Of these, Governor Stevenson is generally felt to have the most experience in the field of foreign affairs."

Waggoner Horse Competes Again

Fort Worth, Jan. 24. (P)—Eighty-five cutting horses went through their paces today in an elimination to select performers for the 1952 Southwestern Exposition and Fat Stock Show which opens Friday.

Douglas Mitchell, assistant manager of the show and secretary of the American Cutting Horse Association, said this was the greatest number of such horses ever brought together.

Twenty-four animals will be selected to compete, four at a time, during the 19 performances of the stock show, Snipper W., owned by E. Paul Waggoner of Fort Worth and Vernon, is back to defend the title he won here last year.

Quarterhorse and palomino performance classes will be judged tomorrow morning and steer and lamb entries will be sifted.

A western parade will be held through downtown streets at 2 p. m. tomorrow.

The first performance of the rodeo and horse show will be held tomorrow night. Livestock judging begins Saturday morning. The show closes Feb. 3.

Markets

Markets at A Glance
New York, Jan. 24. (P)—STOCKS—mixed; copper and TV issues improve.

Belgian Doctor Rushes To Save Girl's Life
Brussels, Belgium, Jan. 24. (P)—A Belgian doctor was speeding towards San Antonio, Texas, today where he hopes to save a six-year-old girl, Sue Ford, dying of a brain tumor.

The physician, Dr. Roger Haentges of Brussels, claims he knows a way to cure brain tumors. He only hopes he doesn't get there too late. Doctors who operated on the little girl Dec. 2, said she had a "stem brain tumor, possibly malignant" and probably would live only two months.

Haentges heard about Sue's plight through an Associated Press dispatch.

The story said Sue's father, Engineer John Ford, had appealed to doctors throughout the world to try to save his child. Ford said if there was a physician anywhere who had a new treatment for the disease, he would fly him to San Antonio.

Ford Speaks to Canadian People

Toronto, Ont., Jan. 24. (P)—Henry Ford II told Canadians today the "endless debate" now going on in the U. S. is "a price we are very glad to pay for the privilege of living in a free country."

"This is the way we find fresh and workable solutions to problems that may be old to others but are new to us," the Ford Motor Company president said in an address prepared for delivery before a joint meeting of the Empire Club and the Canadian Club.

Ford said of his government's plan of allocating steel and other important materials, "I've added my own voice to the argument, because the Washington method has put thousands of men out of work and deprived people of essential transportation — without substituting new jobs in defense or suggesting how the nation's transportation needs are going to be met properly."

"We have learned—as have free men the world over—that being permitted to work out our destiny today is a luxury for which we have to pay price—the price of being strong."

SIGHT PATROL PLANES
Taipei, Formosa, Jan. 24. (P)—Radar screens on Formosa have picked up Chinese Communist patrol planes cruising along the coast of China the past several days, reliable sources said today.

New Orleans Cotton Futures
New Orleans, Jan. 24. (P)—Cotton futures advanced over \$1 a bale here early today but profit taking and hedge selling erased much of the rise.

Closing prices were steady 25 cents to 45 cents a bale higher.

Jury List for Next Week Is Released Here Thursday

Names of 26 petit jurors, who have been summoned to appear here at 9 a. m. Monday for the special criminal session of the January term of the 46th District Court, were released Thursday by District Attorney Leon Douglas.

Jurors for the trial of any criminal case which may call for a jury will be chosen from this group.

Mr. Douglas has listed six cases which may come up for trial during the week. Facing trial are:

H. L. Lucas of Vernon, charged with the June 23 forgery of a \$29.75 check passed at United Food Market;

Walter Randel, John and Leroy Davis, each charged with forging the name of Buster Kincheloe to an \$18 check passed in November;

K. I. Davenport, charged with swindling with worthless check and second offense theft. The offenses are alleged to have occurred in June;

Sarah Stillwell, a Vernon Negro, charged with theft of a watch valued at more than \$50 from Robert Herald of Vernon.

Petit jurors called for the cases are:

Floyd Bunch, H. A. Haynes, Philip F. Dillon, Lee Glazener, Bob Pinkston, Ray Goss, Marlin Rowland, Aubrey Rummel, B. H. Serold, N. W. Blake, Joe Wolverton, C. W. Gfeller, Earl W. King, John

W. Ayers, Taylor Dabney, Eldon Crowover, Seth Boyd, J. A. Miller, Maxie Bell, Clyde Hamm, Dean Raines.

Also, A. D. Byars, George P. Trisler, Paschall Belew, Jim Hamilton, Clarence Frieling, A. J. Lambert, H. K. Haseloff, Paul Cullar, Harvey Fowler, E. S. Lacy, Lester Golightly, Ben Leutwyler, John R. Owen, Horace Lovelady, and Joe Kubicek.

C-C Activities Aired At Optimist Club Meet

J. C. Randel, president of the Vernon Chamber of Commerce, made a report on that organization's activities during 1951 at the regular luncheon meeting of the Optimist Club Thursday at the Canton Cafe.

He pointed out that one of the major contributions from the Chamber of Commerce to the community was the securing of George Davis, entomologist, for the county.

He urged all Optimist Club members to attend the opening of the Wilbarger County Auditorium.

Panel Votes To Tighten Labor Rules

Washington, Jan. 24. (P)—The House judiciary committee today voted to tighten regulations on the use of Mexicans for farm and ranch work in the United States.

It approved for House consideration an immigration bill making it a felony to bring into this country an ineligible alien and making it a misdemeanor to transport, harbor or conceal an alien illegally here. Conviction on the felony charge would be punishable by five years imprisonment and a \$2,000 fine; on the misdemeanor charge by one year imprisonment and a \$1,000 fine.

The bill permits the Attorney General to designate an immigration service official to issue search warrants in cases of suspected violations, but restricts authority to search homes. Several Texas members of the committee opposed the search warrant provision, contending that only a federal judge or a U. S. commissioner or a state court should have authority to issue warrants.

Rough Rider Theodore Roosevelt maintained the last extensive presidential stable of horses in the United States.

Dallas Alice Awards Made

Dallas, Jan. 24. (AP)—Simplicity was the keynote of the four winners of the "Dallas Alice" awards given to Dallas designers of women's and children's fashions.

Bronze statuettes were presented last night at a banquet to:

Ruth Fair of R. Fair Co. for her light blue taffetized shantung dress with moderately full skirt, tight bodice and little girl collar with a big black bow at the neck.

Dolly Sapp of Brogan and Jennings for her spectator sports dress of striped broadcloth in white and shades of brown and its brown linen spencer jacket to cover up the sleeveless dress of princess line.

Joy Kingston of Nardis for her active sports wear—a combination of charcoal gray denim combined with gray and white striped denim for slacks, shorts, skirt, boxy jacket and halter weskit.

Betti Terrell of Johnston, Inc., for her child's dress of white lawn with the neckline like a French sailor—navy blue bands and a red and white striped "v" insert.

Judging was on two points: Design and salability. The judges were F. B. Cresap of Burdines, Miami; Sol Kamensky of Rich's, Atlanta; and Edgar Wherry of Lord and Taylor, New York.

Mayor J. B. Adoue presented the awards for the City of Dallas in recognition of the 150 million dollar annual retail fashion industry here. The awards are sponsored by the Dallas Fashion Group, Inc., an organization of women professionally engaged in fashion work.

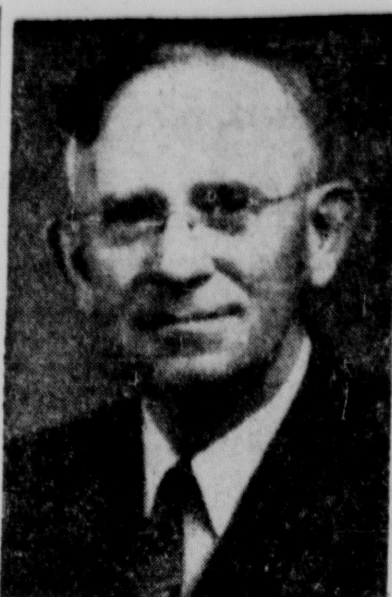

The presentation came as the climax of the Dallas summer market. Buyers from over the Southwest were among the 500 at the banquet and fashion show. Thirty Dallas manufacturers presented 80 designs.

BUSINESS SLOW

Law violations in Vernon continued at a minimum Thursday with only one person paying a fine in Justice Court. Officers report that the past week has been one of the quietest as far as law violations are concerned in a number of years. Justice of the Peace C. W. Shepherd fined a Harold man \$37.50 on charges of drunkenness.

MILITARY PLANS

Tokyo, Jan. 24. (AP)—The newspaper Yomiuri said today Japan plans to build a military force of 150,000 group troops, 1,500 planes and 308 warships after the peace treaty goes into force.

J. R. HUIE

J. R. Huie Asks For Re-Election

J. R. Huie this week authorized the announcement of his candidacy for re-election to the office of Tax Assessor-Collector. In doing so he issued the following statement:

"I hereby announce my candidacy for re-election to the office of Tax Assessor-Collector of Wilbarger County, subject to your will in this year's Democratic primaries.

"I want to say that to me it is an honor and a pleasure to serve you in the capacity of Assessor-Collector; and, if favored with re-election, I pledge my best efforts to continue to serve you in the most accommodating and acceptable manner I know how.

"The office, I realize, is one of the most important in the county, one to which you are coming every day to transact important business. In giving its affairs my best attention, I have always kept in mind the importance of keeping a capable and courteous force of deputies so as to insure the kind of service which you have a right to demand and expect of any public office.

"If honored with re-election, I shall continue to give the same consideration to the small taxpayer and home-owner as to the large taxpayer. If I have made any mistakes, they are of the head and not of the heart.

"During the campaign ahead I shall personally contact the voters as much as my official duties will permit, and to those, if any, whom I may not have the pleas-

ure of seeing, let me ask that you accept this as a friendly handshake and an earnest, personal solicitation of your vote and support.

"I am sincerely appreciative of your past support and the co-operation you have so loyally shown me during my tenure in office. As your Assessor-Collector, let me say there is always a cordial welcome awaiting you at this office. We are here to serve you and we wish you to feel free at all times to avail yourselves of any service rendered by the personnel of this office.

"Again let me say that I am grateful for the privilege to serve you, and respectfully ask a continuation of your support, your co-operation, and your friendship."

Southern Solons Closing Ranks

Washington, Jan. 24. (AP)—Southern Senators were reported closing ranks today for a finish fight against any move to reduce their power to block civil rights legislation with long speeches.

The Senate Rules Committee has scheduled for next Tuesday an initial showdown on the battle-laden issue, which in the past has precipitated fights that tied the Senate into knots.

The committee has before it a variety of proposals to amend the existing debate-limit rule. This now requires a vote of at least 64 Senators—two-thirds of the elected membership—to order a time limit on debate. Such a limitation, known to Senators as "cloture," is the death knell of any filibuster.

Senate leaders clearly fear that any one of them, if brought to the floor, would set off a paralyzing filibuster fight. They have been shooting for adjournment of Congress before the Republican and Democratic conventions in July.

Senator Russell, Democrat, Georgia, who usually quarterbacks filibusters for his Southern colleagues, has declared repeatedly he would fight any move to change the rule. He and others from the South reportedly are already talking strategy.

TAKES COMMAND

With U. S. 25th Infantry Division, Korea, Jan. 24. (AP)—Brig. Gen. Frank C. McConnell has taken command of the U. S. 25th Infantry Division. He replaces Brig. Gen. William Mitchell, who left last month for reassignment.

INDO-CHINA consists of three "associated states"—Viet Nam, Cambodia and Laos. Viet Nam is by far the largest and most important, with 25 million people, compared to five million in the other two kingdoms. Viet Nam is the most troubled, too. For over five years violent, hit-and-run warfare has raged between French and Indo-Chinese on one side and Communist-led Viet Minh forces on the other. Viet Nam was born a Japanese puppet state in World War II, but sought self-rule after VJ-day under the gaunt Ho Chi Minh. At first the French tried to go along with Ho's "nationalist" aims. But, finding Ho had hitched his wagon to the Kremlin star, France in 1948 switched its support to Bao Dai as Viet Nam's chief of state. War in Viet Nam has been a series of indecisive battles between 350,000 French and loyal Indo-Chinese forces (who recently lost their brilliant leader, Gen. Jean de Lattre de Tassigny) and a like number of loosely-organized Reds under Ho. Viet Minh guerrillas, holed up in the mountains, have staged sporadic night raids on Viet Nam cities and villages. Result has been a crippling of Viet Nam's "rice bowl" economy and a severe drain on French military resources. Because loss of Indo-China might doom all of rich Southeast Asia, the U. S. has poured hundreds of millions of dollars worth of military aid into the anti-Communist battle. Most serious threat to Indo-China looms from north, where Chinese Reds are feared planning to stage "another Korea." This threat may become reality if fighting ends in Korea.

Annual Session of TSC Supervisors Closes

Brownwood, Jan. 24. (AP)—The annual session of the Texas Soil Conservation District Supervisors Association closed today with discussions of the future of agriculture in East and West Texas.

Russell M. Cash of Bevin's will discuss East Texas prospects and John W. Pate of Alpine will talk of the West Texas agriculture future.

Last night M. C. Puckett of Fort Stockton was reelected president.

Named vice presidents were: O. V. Hartshorn, Dalhart; Fred Earwood, Sonora; R. M. Boswell, Kenedy; L. L. Mackey, Longview; Frank Hamm, Lancaster.

Water Shortage Acute Problem

(By The Associated Press)

Texas cities feeling the pinch of municipal water shortages are making every effort to find new and adequate water sources.

Port Isabel, near the mouth of the Rio Grande, remains under strict water rationing but the city has prospects of a supply for several months.

Earlier this week officials found a new "banco" containing an adequate water supply for the next eight months. A banco is a lake alongside the river bed, filled up by cattlemen cutting a channel to water stock.

In Corsicana, voters approved a \$1,400,000 waterworks bond issue. At present the city has only about 75 days of water left. The issue will finance construction of additional side storage on Chambers Creek and other improvements in the system.

The North Concho River in West Texas is almost dry now but the city of San Angelo hopes that seasonal rains will change the picture. Army engineers plan to close the gates on the new San Angelo dam on Feb. 1 in hopes of catching a water supply for the summer months.

In Matamoros, Mexico, across the Rio Grande from Brownsville, there is strict water rationing. Water pumps are shut down from 4 to 8 a. m. daily and other curbs are planned.

Elsewhere in Mexico the drought's a serious problem. Mexican President Miguel Aleman held a special cabinet meeting yesterday to draft measures for drought relief in the states of Durango, Coahuila, and Chihuahua. The latter two border on the Rio Grande.

Do FALSE TEETH

Rock, Slide or Slip

FASTEETH is an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place, does not slide, slip or rock. No gummy goopy, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

RELEASE ALUMINUM

Washington, Jan. 24. (AP)—Sen. Moody (D-Mich.) said today the Air Force is releasing enough aluminum to hike automobile production to 900,000 cars in the second quarter of 1952. He told newsmen the Air Force is giving up "several million pounds" of the metal because of a change in its production time-table. It is stretching its airplane program over a longer period, he said.

MEETING PLANNED

Austin, Jan. 24. (AP)—The Texas Wildlife Federation will hold its annual midwinter meeting here Saturday and Sunday. Discussions will range from proposed legislation giving the Texas Game Commission regulatory authority over game and fish seasons and limits to a suggestion that hunters be permitted to take a limited

number of doe deer to help balance herds. Roger H. King, Wichita Falls, federation president, described his organization as a medium whereby local sportsmen's groups may cooperate with the Legislature and Game Commission in advancing the cause of wildlife.

Lockett, Northside Girl Teams Meet in Top Tilt

Two Unbeaten Squads Play Friday Night

Boys' cage battles in District 28-B will have to take a back seat Friday night to the top game in the league—between the undefeated Lockett girls and the likewise unbeaten Northside girls.

The two teams—each winners in four straight district contests—will get together Friday night at Northside in the headline.

Lockett girls hold wins over Harrold, Valley View, Odell and Oklaunion. Northside has defeated Odell, Oklaunion, Valley View and Harrold.

Lockett boys, currently holding down the runner-up slot behind league-leading Valley View, will meet the winless Indians at Northside.

Valley View will journey to Harrold and is a strong favorite to finish first half play of District 28-B undefeated.

Oklaunion journeys to Odell in the other 28-B contest.

Girl schedules will be the same as the boys.

The second half of the double round-robin play will start next Tuesday with home gym sites reversed from the first half schedule.

Miami Women Golf Meet Slated to Open Today

Miami, Fla., Jan. 24. (P)—Thirty two of the nation's best women golfers tee off today in the first round of match play in the 20th annual Helen Lee Doherty Golf Tournament.

They were in the championship flight and scored 87 or better to gain the select circle over a bulky field of nearly 150 players who battled over the Miami Country Club course yesterday in the qualifying round.

Off the Record

By Bill Werley
Sports Editor

Lloyd Trip, former Duster pitcher, is going to be doing his hurling in a different league this season. The righthander has just received his greetings from Uncle Sam and is due to report for a physical on Feb. 6.

Lloyd says he is going to play ball for some Army or Air Force team this season.

The Greenbelt Racing Association will hold a meeting Monday at 7:30 p. m. at the Woodard Garage to set rules and regulations for the coming season.

The Association—which features stock car races—is composed of Vernon, Quanah, Chillicothe, Holliday, Childress, Rule and Wichita Falls.

One of the brightest cage prospects to come along in recent years at high school is a sophomore—Jack Bolton. Jack shoots with either hand and is especially deadly on a two-hand set shot from outside the free throw lane.

With two more years of eligibility ahead of him, he promises to be one of Vernon's better basketball players.

Two other boys who have shown marked improvement since the first of the season are Robert Namken and Eugene Reynolds. Both boys have another year of eligibility.

BAYLOR COACH ILL

Waco, Jan. 24. (P)—George Sauer, Baylor University director of athletics, is being treated for pneumonia. He entered the hospital yesterday after several days illness.

WON'T BE LONG NOW—The Red Sox are already shipping their paraphernalia to the Sarasota, Fla., training base, where 35 farm-club prospects report before members of the varsity. At Fenway Park, Trainer Jack Fadden, right, hands over his supplies to Johnny Orlando, equipment manager. (NEA)

Kid Matthews Spurs Maxim As Foe, Eyes Heavy Title

Washington, Jan. 24. (P)—Harry Matthews, a leading light heavyweight contender, today was under congressional pressure to sign up for a title fight with Champion Joey Maxim.

But Matthews' manager said in Seattle they are after bigger game now—Heavyweight Champion Joe Walcott.

Senator Cain, Republican Washington, said last night that un-

less Matthews accepts a "generous" International Boxing Club offer to fight Maxim, he (Cain) may withdraw his Senate resolution that was frankly designed to force the match.

Cain explained that when he and Senator Welker, Republican, Idaho, introduced the unusual resolution last year they honestly felt the IBC was discriminating against Matthews by refusing to give him a chance at the title.

The resolution urged an investigation of IBC as a monopoly "for refusing legitimate challengers an opportunity to fight." It is one of the rare cases in which Congress for failure to give logical contenders a chance at a title.

Cain told a hastily-called ring-side news conference at a local fight arena that IBC has made Matthews a generous offer, but that the Pacific Northwest fighter's manager had turned it down without explanation.

In Seattle, Matthews' manager, Jack Hurley, thanked the Senators "for their interest in Harry's career" but said his big goal now is a match with Heavyweight Champion Walcott.

Fixes Involve Eight Colleges

New York, Jan. 24. (P)—The basketball scandals, which have been running for a year and a week, today had entangled eight colleges, 32 players, one official and 25 fixers and material witnesses.

The list of schools as increased yesterday and one was added to the group of material witnesses when Sam D. Feinberg, former Cincinnati sports promoter, was held in \$10,000 bond as would-be briber of two University of Cincinnati players.

The Cincinnati players, however, were praised in general sessions court for turning down the bribes. They were Alvin Rubenstein and Jack Laud.

A sworn statement read by Assistant District Attorney Vincent A. G. O'Connor said Feinberg asked Rubenstein and Laud to shave points several times during the 1948-49 and 1949-50 seasons.

Harvard to Place Football On College Budget Basis

Cambridge, Mass., Jan. 24. (P)—Future Harvard football schedules will disregard gate receipts and athletic deficits will be met by the faculty's budget, President James B. Conant said in his annual report to the university's board of overseers.

"We have arranged for the coming football seasons without regard to gate receipts and provided for lighter schedules," the famed educator said last night.

He reported the Crimson's 1950-51 intercollegiate and intramural athletic programs resulted in a net expense in excess of \$350,000.

"This sum is not to be regarded as an athletic deficit," Dr. Conant said. "It is as much a proper charge against the resources of the faculty as the maintenance of a library or a laboratory."

SIGN FREE AGENT

Oakland, Calif., Jan. 24. (P)—The Oakland Pacific Coast League Baseball Club announced yesterday the signing of shortstop Ernie Velasquez, 25, a free agent. He won his outright release last year after injuring his right arm while with Tampa of the Florida International League. He once played with Pampa, Texas.

Vernon Plays Plainview Here Friday

Coach Eyed For Dallas Grid Squad

Dallas, Jan. 24. (P)—Who will coach the Dallas Rangers, newest club in the National Football League, probably won't be known for a month but whoever he is he'll have complete charge and do all the trading and buying of players, directors of the club said today.

This despite the fact that he may have as many as 25 bosses—shareholders in the club.

Giles Miller, Dallas textile executive, disclosed that while a business manager of the club would be named as soon as possible, it might be March 1 before the coach is selected.

The organization, which now has 16 shareholders, already is considering a number of men for the job. At a meeting last night, the names of Bob Neyland of Tennessee, Paul Bryant of Kentucky, Dick Todd, Sam Baugh, Blair Cherry, former coach at Texas; Bernie Bierman, former coach of Minnesota, and Jimmy Phelan, last season coach of the New York Yanks—the franchise which Miller and associates bought—were mentioned.

Todd coached the Washington Redskins last season. Baugh is a player with Washington.

"The coach will run the team and will make all deals and trades," Miller said. But he added that every effort would be made to get Southwestern players on the club.

"By adding a few players, keeping the basis of what we have, we think we'll have a stem-winder of a team," Miller declared.

Younger Golfers Favored in Meet

Phoenix, Ariz., Jan. 24. (P)—It is up to the old guard of the nation's golfers to regain the limelight as the annual \$10,000 Phoenix Open gets under way today—the third tournament on the 1952 Winter trail.

Two events have been won by newcomers to golf fame, Ted Kroll, New Hartford, N. Y., winning the \$10,000 San Diego Open last week end, and Tommy Bolt, Durham, N. C., grabbing the rich \$17,500 Los Angeles Open early this month.

The old guard, represented by colorful Jimmy Demaret of Ojai, Calif., by way of his native Texas, moved into the picture once. Demaret came in first in Bing Crosby's \$10,000 tournament at Pebble Beach, Calif., two weeks ago.

Today 130 or more players were slated to tee off at the Phoenix Country Club, a par 36-35—71 test over 6,578 yards.

Warmer Weather in Store for Texas

(By The Associated Press)
Slowly rising temperatures were in prospect for most of Texas today as the effects of a cold front were off.

Occasional rain was forecast for the northeast corner of the state. Elsewhere skies were to be partly cloudy or cloudy.

Winds freshened on the coast gradually shifting from the east to southeast.

High temperatures yesterday ranged from 40 at Childress to 73 at Presidio.

Officers Search for 200 Pounds Lost Poison

New Brunswick, N. J., Jan. 24. (P)—Police are scouring along route 25 between Rahway and nearby Raritan township today for two drums of potassium cyanide—one of the deadliest known poisons.

The 100-pound containers bounced out of a truck yesterday and Police Capt. Harold Peterson of Raritan township issued a general alarm warning everyone to keep their hands off if they should be found.

Chemists say the white powder is so poisonous anyone who touches it and then touches a mucous membrane would be killed.

Peterson said the two drums were lost somewhere along Route 25, New York-Philadelphia highway, between Rahway and Raritan township by the Kramer Brothers Trucking Company. The company's terminal is in Raritan township.

EXPENSIVE HABIT

Houston, Jan. 24. (P)—Drive-in theaters here complain that too many patrons are driving out with electrical speakers. Theater owners reported yesterday a loss of 940 electrical speakers, valued at \$14,100, in the past four months. They appealed to patrons for the return of the speakers.

ABRACADABRA—Two St. Louis players put a double whammy on Ralph Naimoli (32) of N. Y. University, as he falls on the boards just under the basket, trying to make a shot during a game at Madison Square Garden. The St. Louis players are Ray Sonnenberg (45), Bob Koch (24). NYU's Mel Seeman is in background.

Tennis Duo Battle Top Aussie Stars

Adelaide, Australia, Jan. 24. (P)—Dick Savitt and young Hamilton Richardson, of the United States, battled Australia's top doubles team of Frank Sedgman and Ken McGregor to a standoff today in their semi-final match in the Australian National tennis championships. Each had won two sets when further play was postponed until tomorrow because of a strong wind and overcast sky.

Savitt and Richardson had appealed against the lack of light. Sedgman and McGregor won the first set, 6-3. The American duo rallied to take the next two, 6-3, 6-4, only to have the Aussies square the match by winning the fourth set, 6-4.

Earlier the youthful Aussie team of Mervyn Rose and Don Candy had reached the doubles final by whipping the veterans, Adrian Quist and Geoff Brown, 9-7, 6-2, 6-1.

LOAN APPROVED

Washington, Jan. 24. (P)—The Rural Electrification Administration approved a \$112,000 loan yesterday for the Swisher County Electric Cooperative, Tulsa, Texas.

Mound Trouble Blamed on Pilots

Tulsa, Okla., Jan. 24. (P)—Vernon (Lefty) Gomez, once a pitching star for the New York Yankees says too many present-day managers and trainers are making young pitchers wild by tinkering with their style.

And Gomez gets plenty of support from Allie Reynolds, the Oklahoma City Indian who is a current Yankee pitching mainstay. Both were here last night to attend the sixth annual "Diamond Dinner" of the Oklahoma Old Timers Baseball Association.

During the dinner, Carl Hubbell, former New York Giant hurler of Meeker, Okla., was inducted as the third member of Oklahoma's sports hall of fame, and Reynolds received the Art Griggs memorial plaque as the State's outstanding Major League baseball player of 1951.

Teams Battling To Stay in Race For 1-AAA Title

The Vernon Lions will be battling to stay in the 1-AAA cage race here Friday night as they play host to the Plainview Bulldogs.

The Lions have a 1-1 record in district play and Plainview has a 0-2 mark. Plainview was one of the pre-season favorites, but has dropped both starts, one to highly regarded Lamesa and the other to surprisingly strong Midland.

The Lions defeated Sweetwater, but lost a thriller to Big Spring here Tuesday night.

The game will be the last conference game for the Lions until Jan. 31, when they open a two-day road trip by playing Lamesa. They will then meet Midland on Feb. 1 at Midland.

Inability to hit free throws played a major part in the Lions' defeat at the hands of the Steers here Tuesday night.

Again on Friday night the Lions will have to give away a height advantage to Robert Clin-daniel's Bulldogs.

The A-B doubleheader will get under way at 6:15. The Vernon Bees also have posted a 1-1 mark, losing to Sweetwater, but trouncing Big Spring.

Russell's Dept. Store

Mexico Cotton Breaks Record

Washington, Jan. 24. (AP)—A Department of Agriculture report says Mexico's 1951-52 cotton crop is the largest in the country's history and that Mexican cotton was moved into foreign markets where U. S. cotton until recently had an almost exclusive grip.

The report said Mexican cotton is "similar to United States cotton in most respects—is ginned and handled exactly as the crop in the United States, the bales are

of the same size, shape and density. It said: "Mexico's 1951-52 cotton crop is the largest in the country's history—an estimated 1,250,000 bales—before the war the rise was rather gradual, but since then it has been at an accelerated pace. During the war, production averaged about 450,000 bales a year. The 1948-49 crop was 570,000 bales. The following year it was 937,000 bales and last year 1,200,000.

"Domestic cotton consumption has been in the neighborhood of 300,000 bales annually. It would appear that during the last three years some 500,000 to 700,000 bales a year have been available for export. Most of this cotton has been shipped from United States ports and sold in the large European markets where until a few years ago the bulk of the cotton consumed was United States. Japan and Canada have also become important markets for Mexican cotton. During the past two or three years, Japan, the United Kingdom, Belgium, Italy, Switzerland, France, Canada, Sweden, Spain, and The Netherlands have imported most of Mexico's surplus.

"Years of active demand, both Mexican and United States cotton may sell abroad at about the same price, but in seasons of slack demand Mexico could undersell United States cotton in the export market."

Tin Price Raised By Government

Washington, Jan. 24. (AP)—The RFC today raised the price of tin to American industry from \$1.03 a pound to \$1.21½.

The old price had been in effect since Aug. 1.

The RFC was given a monopoly over tin in the U. S. last year in an effort to bring down prices, which began to skyrocket when the Korean War broke out.

The Government agency is the sole importer of tin. It sells about 50,000 tons a year to American industry.

The price hike to American business is a result of an agreement with Britain under which the U. S. will sell Britain more than a million tons of steel in return for 20,000 tons of tin at \$1.18 a pound.

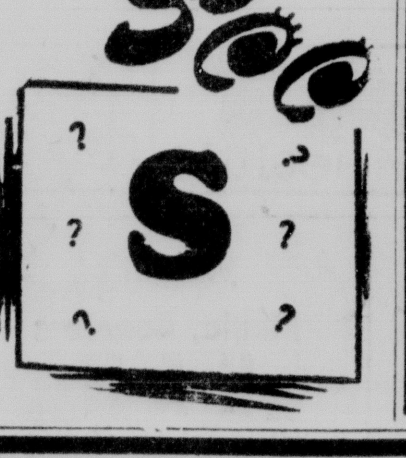

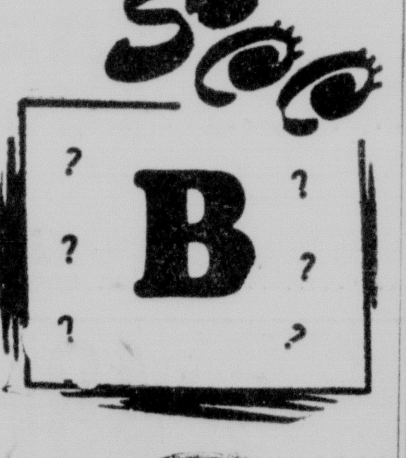

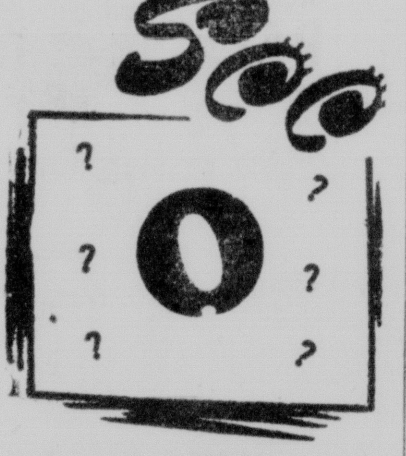

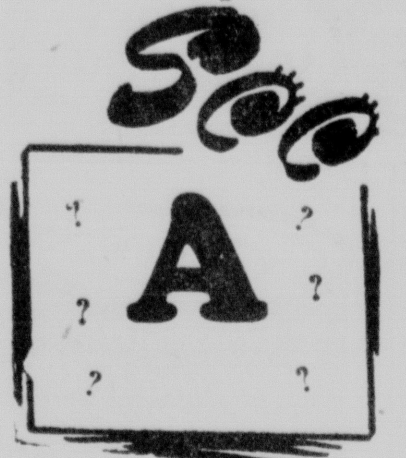

Parking Lots, Garage Exempt From Chain Tax

Austin, Jan. 24. (AP)—Owners of parking lots, garages, or radio stations are not required to pay a chain store exemption fee unless goods, wares or merchandise are sold at such places of business, the attorney general ruled today.

Comptroller Robert S. Calvert requested the ruling after operators of parking lots and broadcasting companies argued the law did not apply.

TEN PERSONS KILLED

Bombay, Jan. 24. (AP)—Unidentified terrorists killed ten persons and wounded 12 others last night when they shot up a Congress Party election meeting at a village about 500 miles northwest of here.

Nepal Torn by Revolt Thursday

New Delhi, India, Jan. 24. (AP)—The mountain kingdom of Nepal was torn today by its second revolt in 14 months but the "tide has turned in favor of the Government," officials of the Indian Foreign Office said.

Latest reports from Khatmandu, capital of the remote Himalayan State on the southern border of Communist-captive Tibet, said the rebels from within the governing Nepalese Congress Party and allied Communists had been forced from all seized positions except the 900-room main Government office building.

These reports said some weapons and ammunition stored in the secretariat still were in rebel hands but the Army had recaptured the main army.

At their sudden outbreak Tuesday night, the rebels also seized Khatmandu's airdrome and its radio station and telephone exchange, but these apparently also had been recaptured.

Cabinet ministers fled to the palace of King Tribhuvana, who had called on the Army to restore order.

The Nepal Government reportedly appealed to the Indian Government—which is closely allied with it—for an airlift of 2,000 troops. Sources close to the Indian Foreign Office said, however, "reports are sufficiently encouraging now that we are not planning to send any troops to help the Government or even to drop arms and ammunition from the air."

India was described as ready, though, to intervene if necessary to save Nepal from falling into Communist hands.

Officials of the Indian Foreign Office said Rebel Leader K. I. Singh had demanded that the King set up an all-party government "including Communists but excluding reactionaries."

SHORTAGE EASED

Washington, Jan. 24. (AP)—Shortages of crewmen which delayed the sailing of many Government-owned, newly "de-mothballed" cargo ships is being eased by co-operation of the Coast Guard and the Army. The National Shipping Authority (NSA) said today lack of key crew members kept scores of the ships laid up in American ports for days. But it said the situation has improved recently, partly because the Coast Guard has relaxed manning standards and the Army has released some men with the required skills. Selective Service agreed to defer seamen in key ratings when the draft registrants present evidence of continuous past employment aboard ship.

SEND CREDENTIALS

Mexico City, Jan. 24. (AP)—Absentee ballots and voting credentials are being sent to all members of the Mexican diplomatic service in other countries for the presidential election July 6. Mexicans temporarily out of the country may vote at the nearest consulate.

PLAN CHANNEL CROSSING—Members of a Boys Club in London display two of the four canoes under construction for an attempt to cross the English Channel. The canvas-covered wooden framework craft will cost about \$30 each and will be tested on the Thames River before a crossing is attempted. It is to be hoped that the attempt is made in favorable weather conditions.

DEATH AND NEAR DEATH—Sister Anthony, left, born Bridget Ann Timbers at Groton-on-Hudson, N. Y., became the first American to shed blood in the Anglo-Egyptian struggle for the Suez Canal when she was murdered on the steps of the Sisters of Charity in Ismailia, Egypt. Sister Anthony, 52, was shot through the heart. One of the more than three thousand Chinese prisoners held in Allied Prison Camp No. 1, right, who have tattooed their bodies with anti-Communist slogans which would mean sure death if they ever fell into Red hands. More than 12,000 of the 17,000 prisoners held in the camp on Koje Island, Korea have signed petitions stating they would rather die than return to Red China.

Beef and Pork Prices Lowered

(By The Associated Press)

Retail prices of beef and pork items were trimmed a few cents a pound in many stores this week. But the reductions were not uniform, and in most cases they applied to the relatively higher-cost cuts like sirloin and porterhouse steaks, beef rib roasts and pork loin roasts.

Other meats and poultry appeared to be holding about unchanged generally. Butter and eggs were mostly steady at retail, but dealers said storms were hampering collections in the Midwest and might well result in a price uptrend by early next week.

In fresh produce, lettuce, carrots and new cabbage were getting a little cheaper as shipments increased. Slightly lower also were escarole and endive, fresh peas, peppers and tomatoes. Grapefruit and tangerines were abundant and lower. Snap beans and cucumbers edged up slightly.

Prices of white potatoes were rolled back 5 to 10 per cent on Saturday at the farm level, and then the rollback was modified slightly by price stabilizers in response to producers' protests. Retail prices, however, have not yet been affected, and there may be further modifications in potato ceilings before the retail rollback, scheduled for January 28, is put into effect.

Coming of Age Parties Held

Austin, Jan. 24. (AP)—Twenty-six Texas towns and cities are holding "Coming of age" parties this month to encourage 21-year-olds to vote.

The League of Women Voters is promoting the parties. Bond awards totaling \$150 will be given by the Waco league for 21-year-olds writing the best essays on "Why I Am Glad To Be Able To Vote."

A party for 332 new voting citizens was held at Texas State College for Women at Denton, with the youngsters taking this pledge:

"I pledge my efforts to work and strive for the ideals of this nation. I will never allow tyranny or injustice to become entrenched in this land through indifference to my duties as a citizen. I will strive for individual perfection and social betterment, and will endeavor to quicken the sense of public duty among my fellow citizens."

A Jan. 26 party will be held for all new voters in Tyler. The Rev. Walter Kerr, chairman of the Youth Development Council, will be the speaker and entertainer. He is a well known singer and teller of tales.

Soldier Held in Attack On San Antonio Woman

San Antonio, Jan. 24. (AP)—A 25-year-old soldier was held today in the assault of a 34-year-old widowed mother.

The mother was hit in the head with a large rock, officers said. Her 14-year-old daughter also was hit by the rock but was not assaulted. Another daughter, 7, who was in the same room, was untouched.

The woman said she was asleep when the man entered the room where they were sleeping.

British Ammo Dump Blasted by Egyptians

Cairo, Egypt, Jan. 24. (AP)—Egyptian guerrillas blew up a British ammunition dump in the Suez Canal Zone last night, destroying "some thousands" of rounds of 37-mm ammunition.

A British spokesman said there were no casualties. Egypt's Parliament, meanwhile, was scheduled to receive a bill today to allot another seven million pounds (about 20 million dollars) for the Egyptian armed forces. The 1951 armed forces budget was 6 million pounds (173 million dollars).

Defense Minister Mustafa Nosrat Pasha was quoted by the influential pro-government newspaper Al Ahram as saying "We will purchase all the arms we can from abroad." He said Egypt now can buy from "certain countries" which previously could not sell to the Egyptians.

Nosrat did not identify these countries. Britain has been Egypt's sole supplier of arms under the 1936

mutual defense treaty which Egypt cancelled last October. The Egyptians had received tanks and squadrons of jet fighters from the British. Egypt has no munitions industry of her own.

Ten Day Production Slate Set for Titus County Well

Austin, Jan. 24. (AP)—A 10-day production schedule during January has been authorized by the Railroad Commission for the Pettit Ranch Field, Titus County.

The cutback was ordered after a public hearing showed that the pipelines were unable to move the field's previously assigned allowable during January.

Effect of cold weather on the highly viscous crude produced in the field was given as the reason for inability to move the January allowable.

FIRST TIME IN HISTORY

Vatican City, Jan. 24. (AP)—For the first time in Japan's history, arrangements have been made for full diplomatic relations between its government and the Vatican. L'Osservatore Romano announced today.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Atom Bomb Over-Rated, Expert Says

San Antonio, Jan. 24. (P)—The chief of the armed forces special weapons project says the atomic bomb is vastly overrated in the public mind.

"People must become aware that the A-bomb is not as all-powerful and all-destructive as it is reputed to be," Lt. Col. Gerald M. McDonnell told the 16th annual International Medical Assembly last night.

"We'd all be dead right now if the bomb could do everything that has been attributed to it," he said. "It is a conventional weapon, subject to the same laws of physics which control all other explosives."

McDonnell said radiation danger especially is misunderstood. "If you're caught in the field of radiation, you'll be killed anyway by the effect of the heat and blast," he said. "So, there's no point of worrying about radiation."

He said the best A-bomb shelter is a hole in the ground.

Quannah Names Red Cross Head

Quannah, Jan. 24.—Rex E. Sullivan, Jr., local attorney, has been appointed as campaign manager for the 1952 Red Cross fund drive in Hardeman County for the second year, according to information released by Earl Worley, county chairman.

Mr. Sullivan, who served as a Navy combat flyer during World War II, headed a very successful drive in this county last year, and the 1952 drive will be scheduled along the same lines as that of last year.

The newly-appointed campaign manager will call a meeting of the chapter board members in the near future to make preparations for the approaching drive.

SOIL WORKERS MEET

Brownwood, Jan. 24. (P)—The 11th annual convention of the Texas Soil Conservation District Supervisors' Association opened here today. Sessions of the State Board and the executive committee of the association met last night. Awards will be presented to the five "outstanding" district supervisors today by Dallas banker P. B. (Jack) Garrett.

During World War II imports of bananas were cut sharply by transportation shortages with the United States getting only about 24 million "stems."

PASSES TEST—Lady bull-fighter, Patricia McCormick, nimbly sidesteps a pass by one of the enraged bulls she met during her professional debut at Juarez, Mexico. Patricia, 22, had a tough time with her first bull in the rain soaked arena, but came back to win a coveted accolade, the bull ears of her second fight.

Silver Star Award Set At Quannah

Quannah, Jan. 24.—The Silver Star has been posthumously awarded to Pfc. Milton L. Estill of the U. S. Army for gallantry in action in the vicinity of Parunni, Korea, on March 28, 1951.

The soldier's parents, Mr. and Mrs. Roy Estill of Quannah, have been informed by the office of the Adjutant General that the President of the United States has directed that the medal, with the citation, be forwarded to the commanding general of the Fourth Army at Fort Sam Houston, Texas, for presentation to the parents with proper ceremony.

The officer selected to present the decoration is directed to arrange for the presentation in accordance with the wishes of the parents.

STUDENT KILLED

Stanton, Jan. 24. (P)—High School classes will be dismissed early today for the funeral services of Billy Rowden, 16, recently named outstanding student by the faculty. Billy was a star athlete and FFA chapter leader at Stanton High School. He was an honor student. He was killed yesterday when he was run over by a tractor. His parents are Mr. and Mrs. L. E. Rowden.

Daniel Raps at "Truman" Forces

Houston, Jan. 24. (AP)—Attorney General Price Daniel hit again at "Trumanistic Washington" as he brought his campaign for U. S. Senator to Texas' biggest city.

More than 600 persons overflowed two dining rooms at the Rice Hotel to start Daniel's Harris County campaign at a breakfast.

Daniel, who announced he was running against Sen. Tom Connally Monday, hammered again at the same point he made in his announcement: That a new "broom" is needed in Washington.

Reuben Allison, president of the chamber of commerce at Daniel's home town of Liberty, presented Daniel with a flag of Texas and a broom as a symbol of this theme.

Daniel announced at the breakfast that Lloyd Gregory, Houston advertising man, will manage his South Texas campaign.

Daniel plans to return to Austin. He will make a radio report Jan. 31 on the response received to his announcement.

Daniel's opponent, Sen. Connally, stopped briefly in Dallas last night while en route back to Washington from Waco.

He commented that Daniel "would change some of his tune" on centralized government if he ever got to be a Senator.

"It's fine to talk about states' rights and decentralized government," Connally said, "I'm for states' rights and against big government. But when the constituents begin to want dams and harbors and other projects, it's hard to hold your stand. There are some things the states just can't do and people expect the Federal Government to do them."

Central Airlines Official Testifies in Washington

Washington, Jan. 24. (AP)—The president of Central Airlines, Inc., testified yesterday that most of his airline's traffic consists of passengers fed to or taken from mainline carriers.

Keith Kahles appeared at a Civil Aeronautics Board hearing in support of Central's application for a five-year renewal of its permit to operate feeder service in Texas, Oklahoma and Kansas. The firm also asks permission to extend operations east and south across Arkansas.

A-BOMB CARRIER—This photograph of the Air Force's eight-jet, heavy bomber, the Boeing XB-52 "Stratofortress," has just been released in Washington. The long-range experimental bomber is equipped with eight Pratt and Whitney turbo-jet engines. Air Force Secretary Thomas Finletter says this photo shows the least possible information that could be of value to the enemy. He asked news photographers and the public to refrain from taking other pictures of the atomic-bomb carrier.

Connally Asks Quick Grain Quiz

Dallas, Jan. 24. (AP)—Sen. Tom Connally wants a quick investigation of protests that some Texas grain dealers have been wrongly accused of illegally selling Government-stored grain.

"The whole situation involving the sale of Commodity Credit Corporation grains for profit is scandalous," he said here yesterday.

He said that he would push for severe prosecution of any grain dealers guilty of the charges.

Connally commented here yesterday while en route to Washington after attending the funeral of Former Gov. Pat Neff in Waco.

A Dallas grain official said earlier that both Connally and Sen. Lyndon Johnson will be asked by the Texas Grain & Feed Dealers Association to help clear the names of grain dealers they think falsely accused.

The agriculture committee has listed 11 Texas firms alleged to have shortages in CCC grain stored with them. Three charges of illegal conversion of Government grain have been filed in Federal courts.

BANKER PROMOTED

Midland, Jan. 24. (AP)—John P. Butler was elected president of the First National Bank of Midland at a meeting of its directors yesterday. He was elevated from first vice president to chief executive officer, succeeding the late Marvin C. Ulmer, who died at his home Jan. 5.

TO FIGHT REDS

Manila, Jan. 24. (AP)—The Manila Times said today the United States has authorized the Philippines to use \$10,000,000 in earmarked military aid funds to finance an all-out drive against Communist-led Huk rebels.

CAPTAIN CARLSEN'S NEW SHIP—This is the freighter, the SS Halaupa Victory, that Capt. Henrik Kurt Carlsen will command, replacing the ill-fated Flying Enterprise which he strove valiantly to bring to port in a two-week battle against the sea. As Skipper Carlsen received a hero's ovation in New York City, his new ship was in drydock at Hoboken, N. J., being readied to take to sea.

Britain Planning 'Sales' Program

London, Jan. 24. (AP)—Britain and her commonwealth partners announced last night a drastic emergency program to sell everything they can to the rest of the world and buy as little as possible to turn aside their headlong rush toward bankruptcy.

After a week of conferences, the financial experts from nine countries said this course must make income match out-go by the second half of this year and acknowledged it was only a beginning of a years-long search for solvency.

Their goal, they said, is to make the industrial, financial and economic structure of the British-led nations so strong sterling currency again will be freely exchangeable for any money or any goods in the world "and keep it so."

Such a permanent state of economic health has not prevailed in Britain since the first world war.

RED GENERAL DIES

Moscow, Jan. 24. (AP)—Col. Gen. of artillery I. P. Kamera, 54, died Monday, the Moscow press announced today. He will be buried tomorrow. The general's body is lying in state in the Central House of the Soviet army. The papers gave very prominent space to the news of his death. His obituary was signed by high-ranking marshals and generals of the Soviet Union.

Gl's Attend Party and Get Invitation Later

Washington, Jan. 24. (AP)—The hospitalized servicemen who attend Mrs. Truman's teas go to the party first and get invitations afterward.

But they don't crash the gate. Here's the explanation, from a White House social secretary:

Mrs. Truman doesn't know who's coming. She just sends out a call to Army and Naval hospitals hereabouts for so many guests. Names are checked off a list as they enter Blair House.

But some GI's and Navy men wanted proof to show friends and family. So the President's wife obliges, with handsomely hand-lettered cards a few days later. Incidentally, no tea is served at the teas. It's coffee, at the suggestion of President Truman, an ex-cavalryman. He sometimes looks in.

COURT PROCEEDINGS

Austin, Jan. 24. (AP)—Proceedings in the Third Court of Civil Appeals: Motions submitted and overruled: Ealand-Wood Lumber Co., et al, vs. Bronson Morgan et al, appellant's motion to require clerk to file motion for rehearing, per curiam, Jasper, Motions submitted and granted: Maceo & Co. et al vs. the State of Texas, appellant's motion to dismiss appeal, Travis.

NAMED NEW EDITOR

New York, Jan. 24. (AP)—William Shawn, 44, has been named editor of The New Yorker Magazine to succeed Harold W. Ross, the founder, who died Dec. 6. Shawn has been managing editor since 1939.

ONE OF THE EVILS OF GOVERNMENT IN BUSINESS

Suspended officials in the Dallas regional office of Commodity Credit Corporation assert they have satisfactory answers to all charges of inefficiency made against them. They also are quoted as having confidence they will be restored to their jobs when a full investigation of all pertinent facts has been made. Senator Clinton Anderson of New Mexico, a former Secretary of Agriculture, put in a plug for the Dallas CCC officials in a hearing now in progress in Washington. He said the men knew of bad conditions and asked for sufficient personnel to make the necessary detailed checks of the various warehouses where grain had been stored.

It was reported also that in 1951 the number of employees in the Dallas office was reduced from 325 to 225. The implication of these facts is that the regional office did not have sufficient personnel to make frequent audits of the accounts of various warehouses where mortgaged grain was stored.

There is no way of knowing how much importance is to be attached to these developments. But it is of some significance that Senator Anderson has suggested that regional CCC officials are not wholly to blame for a bad situation.

The claim that the job imposed on the CCC organization was too great for its limited budget is worth investigating. Politically motivated public officials frequently make the mistake of assuming responsibilities without giving much thought as to how the responsibilities are to be met. This is one of the evils of extending Government management into business and then calling on people without business experience to handle the job. Very likely if the truth were known this is a major cause of the scandals which have cropped out in affairs of Commodity Credit Corporation and Reconstruction Finance Corporation.

These facts, if they turn out to be facts, do not justify what amounts to embezzlement in the handling of stored grain. Inadequate supervision is no excuse for what has happened in a few instances, although it may be a valid explanation for the failure of CCC officials to discover shortages earlier.

PRESIDENT TRUMAN PROPOSES MORE INFLATION

If spending the money of American taxpayers will save the world President Truman's annual budget submitted to Congress Monday should get us well on the way to Utopia. The chief executive proposed an unprecedented figure for peace-time. The total is \$85,444,000,000 and 60 per cent is for the armed forces.

Nobody can visualize any such sum as that. Perhaps it can be comprehended better if it is compared with some other figures. It is greater than the total earnings of the American people as recently as 1940. In other words all the wages, all the salaries, all the value of services, all the value of all the goods received, rendered and produced by all the gainfully employed people and all the corporations in the United States for the year 1940 would not equal the sum President Truman has proposed that the Federal Government spend in the 12 months beginning next July 1.

And we thought we were getting along pretty well in 1940. A few people even then thought taxes were high and that it would be a good idea for the Government to economize. But such notions seem absurdly childish now.

The only way the American people can continue spending money at the rate proposed in the new budget is to further reduce the value of the dollar. But that would not meet the problem. It would deceive us for a while longer. The thing that counts is the proportion of the average family income which goes to support the government spending and that would not be changed by cutting down the value of our present 50-cent dollar.

It is a mistake, however, to lay all the blame on President Truman. All he can do is propose a budget. Congress must decide what to do about it. And Congress, in turn, will do just about what it is convinced the American people want done. The real trouble is that too many of us are kidding ourselves that we can profit by continued inflation.

The installment plan is the only method so far discovered that will induce some people to do things on time.

Before you question your husband's judgment, take another look in the mirror.

Man Who Won Acclaim as Noted Surgeon Is Confused

New York, Jan. 24. (AP)—A bright young man who never finished high school but who won acclaim as a skilled surgeon is trying to decide what to do next.

"Being an impostor is a tough habit to break," he says.

Despite his lack of schooling, Ferdinand Waldo Demara, Jr., 30, has posed successfully as a doctor of philosophy, an eminent zoologist, and has been, among other things, a college psychology professor and trappist monk.

But the collapse of his latest master hoax, during which he performed sensationally brilliant operations as a surgeon in the Royal Canadian Navy, has left him uncertain.

"I'm tired of aliases, or as I prefer to think of them, noms de plume," he said. "But how can I use my own name after all that's happened?"

At his parents' home in Lawrence, Mass., Demara told his amazing story to Life Magazine, which gives the account in its Jan. 28 issue, out today.

Demara used the name and credentials of Dr. Joseph C. Cyr, Grand Falls, New Brunswick, to get his surgeon's commission.

Newspaper accounts of his spectacularly successful operations on wounded Korean soldiers led to discovery of the fraud last November, and the Canadian Navy brought him home and quietly discharged him.

His story, which Life says has "stood up" against careful checking, relates these experiences as a "doctor":

When commissioned as a surgeon-lieutenant last March, his first duty was at the sick bay in Halifax's naval hospital. By consulting books, he handled routine cases with ease and treated some psychiatric patients.

"There's no mystery about psychiatry," he said. "Anybody with common sense could practice it."

Assigned to the destroyer Cayuga, his first problem arose when the ship's skipper, Commander James Plomer, needed a tooth pulled.

"I told him to wait until morning," Demara said. "That night I stayed in my cabin, reading up on dentistry, which was all new to me. In the morning, I shot the skipper's jaw full of novocain and out came the tooth; no trouble at all."

His first serious case came one day in September when a wounded South Korean soldier was brought aboard from a junk with a bullet near his heart.

"I couldn't have been nervous, even if I felt like it," Demara said. "Practically everybody on the ship was standing there, watching me."

After administering pentothal sodium as an anesthetic, Demara worked swiftly, opening the chest with incisions above the heart and along the breastbone.

"I kept one basic principle in my mind," he said. "The less cutting you do, the less patching up you have to do afterward."

After finding the bullet within a fraction of an inch from the heart, Demara said, "I was afraid I'd hemorrhage when I took out the bullet. But he didn't. I pulled it out and slipped some gauze, a coagulating agent, into the wound and it clotted almost immediately."

Demara sewed up the incisions, wrapped the chest tightly, gave the man an injection of a million and a half units of penicillin, and 12 hours later, the man walked off the ship.

Demara also told of performing various other operations in Korea, including a complex resection, or lung removal. He did this after reading accounts of such an operation on King George of England.

BILL INTRODUCED
 Washington, Jan. 24. (AP)—Representative Bentsen, Democrat, Texas, introduced a bill yesterday for a preliminary examination and survey of Port Mansfield Harbor, Texas, and the channel connecting the harbor to the Gulf of Mexico. The survey would determine what is needed to permit the harbor and channel to accommodate draft navigation.

LIMPS BACK TO PORT
 Brownsville, Jan. 24. (AP)—The Panamanian tanker which radioed Tuesday that it had developed engine trouble en route to Tampico, Mexico, managed to limp back to port here. Agents for the craft said the engines were being repaired and the Ionian Pioneer plans to sail from here again today.

Both hydrogen and helium are lighter than air and so can be used to fill balloons to lift objects.

EXTORTIONERS FOILED IN INDOCHINA
Saigon, Indochina, (AP)—Swift action by police nipped an attempt to extort \$5,000 from the manager of the Bank of China in the all-Chinese twin city of Cholon.

He received a demand, written in Chinese, to show up at a spot outside Saigon-Cholon with the money or face the consequences. Instead of yielding, the manager informed the police, and failed to keep the rendezvous.

A second note told him that "our representatives" would show up at the bank to get the money. They did, but security police officers, planted in the building, seized one of the would-be extortioners, and the other two fled. One of these later was arrested.

ANTICIPATE HIGHER PEPPER SALES
Bombay, India, (AP)—Indian black pepper exporters hope for increasing sales to Soviet Russia, once an insignificant buyer of the spice.

Russia bought 1,000 tons of Indian output in the 11 months ending October, 1951, Bombay exporters declared. The United States bought 9,000 tons, follow-

Dr. Logan's Wife

By Diana Gaines

THE STORY: Jennet Logan, whose well-ordered life is upset by her attraction toward a young and charming biophysicist, Peter Surinov, decides to contribute to Peter's pet project of atom clearance and then never see him alone again. Although Jennet has remained faithful to her aging and ill husband, Dr. Gus Logan, she cannot keep Peter Surinov out of her thoughts. Dr. Logan, not suspecting his wife's infatuation, has supported Peter in a move by Maxwell Coia, head of the hospital, to assist the young man who is engaged in research. Jennet sells a diamond lavaliere which she inherited for \$1200 and has a certified check made out which she endorses to Peter. She gives him the check and tells him she must never see him alone again.

protective mechanism or substance which enables the body to withstand large doses of radiation. To prove this point, they operated on a hundred animals. They took the spleen out of the abdomen, but left it connected—they just exteriorized the spleen so that it could be covered by a lead box. Then they irradiated the hundred animals...

"Caught with their spleens down?" she cracked sulkily.

"...and they found that the total dose necessary to kill 50 per cent of these animals was five to six times greater than when the spleen was not protected by lead."

Jennet was awed in spite of the mental pout which his lecture-voice evoked. "You mean that if we all wore little lead shields over our spleens during an atomic bombing, 50 per cent more of us might live?"

"Well, that's the principle, yes. But Dr. Pelletier and I figure there might be an easier way to do it. We want to find out what the protective substance is. We want to get a lot of rats, remove their spleens, put the spleens in a press and extract the juices..."

Jennet wrinkled her nose.

"Don't be a female—listen!" Peter scolded. "Then irradiate the animals whose spleens we've removed and immediately afterward inject them with the extract. If we're able to save them from death with this injection, then we'll know that the extract offers protection to people who have been exposed to atomic bombing."

"And this is your original idea? No one knows of this possibility but you?"

PETER smiled indulgently. "In the field of science there's al-

most no such thing as an original idea. I got the notion of trying to isolate the spleen-juice after reading some preliminary reports of the work being done at the University of Chicago. They're probably working on the same thing. For all we know, there are a dozen men throughout the country working on it."

She slowed to a stop opposite the walk near his laboratory. "It sounds very thrilling. I wish you luck with it," she said, the nonchalance of her tone turning praise to patronage.

Peter opened the door and let himself out. He closed the door with thoughtful precision and then leaned on the ledge, looking at her.

"You're not serious about our not seeing each other any more?" Jennet tossed her head. "I was never more serious about anything."

He sighed. "Okay. Have it your way. You're a strange girl, Jennet."

THE panic of renunciation suddenly engulfed her. She wished him gone, but not like this, not without one loving word or look that she could use later as both stimulant and anodyne for pain.

"Don't go away saying that." He grinned down at her and her eyes lay on his mouth like lips. "All right. Thanks for having lunch with me, Mrs. Logan. Thanks for nothing."

"Please don't, Peter. There's a limit."

"What do you want me to say, Jennet? You're afraid to hear anything."

Her spurt of anger was the last foxhole in the jungle of her emotions. "Oh, very well. Perhaps I'm being infantile again. Good-bye, you great big grown-up!"

She drove off with recklessly competent speed, but the anger turned to ache as soon as she could realize that he was gone, and there is no ache like the ache of the unspoken and the undone.
